

## ABOUT FRSA

Family Relationship Services Australia (FRSA) is the national peak body for family relationship services. Together with our member organisations, we work to promote family and individual wellbeing.

**Our vision is for an Australian society that is enriched through respectful relationships in all their diversity.**

**Our mission is to provide national leadership and representation for the development and delivery of quality relationship services and public policy relevant to individual and family relationships.**

### Our Values

To achieve our mission, FRSA works in partnership with government, community, business and research sectors. We draw on the expertise of member organisations and research evidence to promote best practice in strengthening families and communities. We also facilitate sector development through information sharing, problem solving and capacity building. Underpinning this work is a commitment to the values of:

- Equity
- Respect
- Collaboration
- Diversity
- Self determination
- Social inclusion
- Integrity

### Our Goals

The FRSA Strategic Plan 2007-2010 outlines our key objectives against the following 4 goals:

1. Provide national leadership for respectful family and individual relationships.
2. Shape the development of well informed public policy.
3. Support the delivery of quality relationship services.
4. Strengthen the capacity of the family relationship services sector.

### Membership Categories

Family Relationship Services Australia has two categories of membership:

1. **Full Membership** is available to all organisations that receive funding through the Family Relationship Services Program (defined as a legal entity that has executed an FRSP service agreement). Full members have the right to nominate and elect Board Directors, vote in general meetings and propose changes to the constitution.
2. **Associate Organisation Membership** is available to organisations that do not directly receive funding through the Family Relationship Services Program but support the objectives of FRSA. Associate members have the right to be nominated for Board positions (with the endorsement of a full member) and attend general meetings but do not have voting rights.
3. **Associate Individual Membership** is available to individuals that support the objectives of FRSA. Associate Individual members have the right to be nominated for Board positions (with the endorsement of a full member) and attend general meetings but do not have voting rights.

### Member Responsibilities

FRSA Members support the vision and mission of the organisation. The FRSA network is collaborative with a shared commitment to achieving positive social change. The FRSA Constitution outlines the governance structure and the rights of members. The Policy & Procedures Manual provides more detailed guidance on FRSA operations including consultation and representation activities.
